Work experience

Lawyer Wu Qingzhou mainly engages in real estate and large-scale infrastructure business.

Lawyer Wu has over 20 years of experience in real estate and construction engineering legal services. Serve as a legal advisor for real estate development enterprises, serving the entire process of real estate development - improving demolition agreements, handling demolition disputes, and land transfer procedures; Real estate cooperative development contract; Review of construction contracts, etc; Improve pre-sale contracts for commercial housing, preliminary property service contracts, etc. We have provided full service for the following projects: Qingdao East West Expressway Phase I Old City Renovation, with a construction area of over 500000 square meters; Development and construction of TESCO Qingdao People's Road "Le Du Hui" large-scale comprehensive shopping center in the UK; The construction of TESCO Qingdao Zhengyang Shopping Center in the UK and the transfer of company equity, etc.

Lawyer Wu has rich litigation experience in handling civil and commercial disputes. Being able to quickly clarify legal relationships and determine litigation plans, with the goal of maximizing the interests of the parties involved. In 2018, the Wuxi Boer Power entrusted loan (factoring contract dispute) case, represented by the agent, won a winning judgment of over 100 million yuan for the client, and overcame factors such as the epidemic difficulties, achieving a satisfactory execution result, providing great help for the healthy development of the enterprise.

Lawyer Wu has represented various typical cases in the field of intellectual property, involving patents, trademarks, copyrights, trade secrets, etc. In 2015, he acted as an agent for a company in Qingdao to deal with a trade secret lawsuit against a company in Spain. After several court sessions, he forced the other party to withdraw the lawsuit, which cleared the obstacles for the company's development.
