Work experience

Lawyer Wang Jing began to work as a lawyer shortly after restoring the lawyer system in China. He has practiced in Jiaozuo City Legal Advisory Office, Zhengzhou City Economic Law Firm, and Hualian Law Firm in Henan Province. Her integrity, candid personality, and continuous improvement in handling cases have nothing to do with the training she has experienced as a third year student. Over 20 years of diligent study, pursuit, and exploration have laid a solid theoretical foundation for her and accumulated rich professional experience.

Educational background

university

Senior lawyers after the country restored the lawyer system
